

Home-Assistant - Repeating or Looping Service Calls

<https://community.home-assistant.io/t/add-easier-solution-for-loops-in-automations-scripts/108508/45>

As Argument (or just hard code #):

```
cat << 'EOF' >volup.yaml
  volup:
    sequence:
      repeat:
        count: '{{ count }}'
        sequence:
          - service: media_player.volume_up
            entity_id: media_player.freesoftwaresevers
EOF
```
