

ZoneMinder default storage location for events & images

Update:

```
cat /etc/zm/conf.d/01-system-paths.conf | grep ZM_DIR_EVENTS  
ZM_DIR_EVENTS=/var/lib/zoneminder/events  
cat /etc/zm/conf.d/01-system-paths.conf | grep ZM_DIR_IMAGES  
ZM_DIR_EVENTS=/var/lib/zoneminder/images
```

---Outdated

```
/var/cache/zoneminder
```

Note: The events/images folders are symlinked in other places inside the OS.
